Explore the exhibits. Look for the photos, symbols, and objects shown below. Place an “X” on each picture as you find them. When you have five in a row or in a column, you have a Bingo!

Now that you’ve explored the exhibits, what do you think is missing?
Design Your Own Money

In many countries, women from their respective suffrage movements are depicted on their country’s money. Why were these women chosen to be on money?

Design the front of your own money. Remember to choose a person worthy of being on your money. Why did you choose this person? In your design, make sure to include colors, a motto, and a currency amount.

Locate two women in the exhibit that are on money. Who are they and from which countries?
A Suffrage Postcard

In the United States, postcards were created by women’s groups and other groups to get the suffrage (and anti-suffrage) word out to the people.

Is there something that you care about that you want to tell people? Is there something that you want to change?

Use the outline below to create your own postcard. Draw a picture that would help drive home your point on the front. Write to a friend or family member on the back.

Make a Banner

Is there something that you care about that you want to tell people? Is there something that you want to change? Many women’s groups around the world got their message out by using banners at pickets and parades.

Activity

Look around the exhibit and find banners in images. Ask yourself these questions:

Are they effective? Do they make you think more about the issue?

What words are the most noticeable? Are the slogans long or short?

What other things did the women use to send their messages?

Use the outline to the right to make your own banner!
